

DISTRICT GOALS 2017-2018

GOAL 1:

The Franklin Lakes Public Schools will establish a comprehensive strategy for assessment that includes the use, analysis, and reporting of multiple measures, as well as an evaluation of current assessments to ensure alignment to key learning goals outlined in the New Jersey Student Learning Standards, to drive instructional expectations and their outcomes, as measured by tri-annual reporting of appropriate state and local data.

GOAL 2:

The Franklin Lakes Public Schools will develop and be prepared to implement policies and procedures to address mid-year changes in enrollment in support of the seamless provision of services, as measured by enrollment reports, achievement data, and applicable reallocation of financial and staff resources.

GOAL 3:

The Franklin Lakes Public Schools will communicate effectively with parents, students, and the Franklin Lakes community, by providing improved 2-way mechanisms for teachers and administrators to interact with parents, and for the community at large to become more informed about the District, as evidenced by the implementation of additional methods for stakeholder dialogue, such as public forums, surveys, and workshops.

GOAL 4:

The Franklin Lakes Public Schools will allocate financial resources in a fiscally responsible and transparent manner that ensures the provision of high quality educational services while remaining sensitive to taxpayers, and strives to propose a 2018-2019 budget within the state imposed budget cap, as measured by outcomes of the annual budget process.
