

PERSONNEL RECORDS

Orderly administration of the school district and compliance with state and federal law require the compilation of information about all employees of the district. The board of education recognizes that there is a distinction between those personnel records that are clearly a matter of public concern, and those that must be considered privileged until such time as they are opened to the public by the commissioner of education or the courts.

The chief school administrator shall consult with the board attorney regarding which personnel records are mandated to be kept by law, and those to be kept for administrative purposes. The chief school administrator and the board attorney shall be responsible for limiting administrative records to those that are consistent with New Jersey and federal law.

In accordance with federal law, the chief school administrator shall establish procedures to release information upon request regarding the professional qualifications and degrees of teachers and the qualifications of paraprofessionals to parents/guardians for any teacher or paraprofessional who is employed by a school receiving Title I funds and who provides instruction to their children.
