

2020-2021 District Goals

1. Engage students in the development of the Social Emotional Learning core competencies, which enhance students' capacity to integrate skills, attitudes, and behaviors to deal effectively and ethically with daily tasks and challenges. Attend to the development of Self-Management (including health/ wellness) and Social-Awareness and Relationship Skills as especially valued competencies.
2. Engage students in robust NJSLS-aligned K-8 Mathematics programming that supports deeper levels of learning and understanding, via continued implementation of 5-8 curriculum (enVision Mathematics) implementation and initial implementation of the K-4 curriculum (enVision Mathematics).
